School Calendar for the  
Academic Year 2006/2007

*The 2006/2007 calendar is provisional, produced in June 2006, and gives the most accurate information presently available about key events for the forthcoming academic year. It is likely that more events will be added to the list of school events and there may be changes to some of the listed events during the course of the year. More accurate information will be published in the termly calendar and the weekly News in Brief bulletin 'NiB'.*

*The calendar is produced for staff and governors of the school. Teachers may want to publish the calendar in their tutor rooms, although students and parents should be aware that this is a provisional document and may be subject to change during the course of the year.*
